

Save Money Hunt More

Taxidermy & Trophy Solution (TTS) is an A-Z, one point-of-contact service.

Turnaround time from receiving the deposit and trophies; 4 months for dip & pack, 5 months for tanning and 9 months for taxidermy. Trophies home in under a year.

Pedestal bases are quoted on separately. Depending on the individual requirements (wood, leather inlays, multi trophy base, etc) prices vary.

Prices do not include:

Crating, packaging, transport or any export related costs of the trophies.

Export related costs and shipping can be supplied as soon as we have the taxidermy requirements.

Our service covers:

Collecting your trophies immediately after the hunt and transporting them directly to the taxidermist. If hunted outside South Africa, we'll import them into South Africa. We offer a choice of: Dip & pack, tan and ready-for-mounting back home, or the full taxidermy of your trophies. Your trophies are handled by one of our contracted-in taxidermists, whose quality and experience we stand by. Some of their mounts are conveniently on display in *Afton Safari Lodge*. We keep you abreast of the progress along the way, ensuring you are completely satisfied, well before crating. They are then ready for export. Giving you options, for both air or ocean export, you can then decide. Overseeing the import clearance with our associate clearing agents in your home country you are free to collect, however where necessary, will arrange the final delivery to your door.

It's a hassle free, one stop service.

Please go to the website to check if any prices may have changed and for a full list of poses and ideas.
